Embroidery Class

Project: Gnome Wall hanging

As requested, we're conquering the Gnome wall hanging project! It starts in May with creating a fun wall hanging using a laser cut applique pattern from Whole Country Caboodle, adding optional rick rack, and sewing an applique stitch around the pieces of the design. We'll cover techniques for great results sewing appliques with your sewing machine.

After we finish, we'll put it all together in June and focus on our embroidery hoop. Using the Design Center to scan in our project, we will program a decorative quilting design stitch around our project.

Supply List:

Whole Country Caboodle Laser Applique pattern

Gypsy Gripper Silicone Mat

Fat quarter for background fabric

Fat quarter for backing

1/4 yard for border
