

Pre-cutting the fabrics is a mandatory requirement prior to taking this course. Please begin preparing for class at least 1-WEEK prior to the class to make sure that you are able to get familiar with your pattern and complete the pre-cutting before hand. It is important that you have your pre-class cutting completed. If this step is not completed, you will have a very difficult time keeping up and participating in the instruction. We recommend reading through your entire pattern before beginning.

Fabric Selection: Choose 24 fat quarters, 12 bright textured batiks, ranging from light to medium and 12 dark textured batiks, ranging from medium to dark.

Preparing the Template Sheets and Foundation Papers: Please refer to and follow the instructions under General Information for Foundation Papers and Templates' on page 2 of your pattern.

Cutting Instructions: Please read through 'Stacking and Cutting the Fabric' on page 3 of your pattern before beginning the steps below. We recommend checking our website for pattern corrections before you begin cutting your fabric. Note: After the cutting is completed please make sure all of the Template Sheets, Foundation Sheets, and fabric pieces are placed in the correct bags before coming to class!

Stacking and Cutting out your Fabric Continued: Complete steps 1 - 5 on page 3 of your pattern under Stacking and Cutting out your Fabric. Clip pieces together using large paper clips or binder clips and place in the Bags specified. **Do not** subcut the Template sheets as I will demonstrate this in class!

The following items will be used in class:

- Sewing Machine with a quarter-inch foot and Accessories
- Steam Iron
- Ironing Board
- One piece of Template Plastic (3" by 12" piece) I will provide this
