Embroidery Retreat Spring 2024

Project: In the Hoop Pieced Wall hanging

Learn to piece two different quilt blocks in your embroidery hoop! You can use the provided Butterfly designs or substitute your own designs using the blank block design given while learning to combine designs in your machine. Have fun creating these blocks and reveal the "hidden block" when putting your squares together.

For those with larger embroidery machines, a larger block size is available. You can also learn to size the block in your machine to make the quilt or wall hanging size you desire!
