Luminaire Club – In the Hoop quilting, Color coordinating and Fabric Scanning

We'll be taking the project created in Embroidery Club to the next level! Some of the techniques in this class will also apply to Dream Machine owners.

Machine features covered:

- Creating custom leader cloth for hooped quilting
- Creating a stamp image of any design for use in Design Center
- Toggling screen expansion when selecting a design
- Scanning in Design Center a finished embroidery design
- Creating custom quilting pattern to fit an area
- Creating allover stipple/quilting designs for any hoop size
- Changing colors in a design to match fabric selection
- Color Shuffle with Gradient manual select
- Color Shuffle with color change reduction

Supply List for Luminaire Club:

1/2 yard cotton or muslin for leader cloth

Supply List from Embroidery Club:

- 1/3 yard white fabric for center square
- 2/3 yard print fabric (borders and backing)
- Glitter heat-press vinyl (or other applique fabric)
[(2) 5"-6" squares]
- 1/2 yard fusible fleece
- Cotton stable iron-on tear-away stabilizer
- Small 6"-8" scrap of Stitch Witchery or Steam-A-Seam
- Rotary cutter and acrylic ruler
- Pins and scissors
- Thread to match your fabric and assorted embroidery threads

Optional: Metal Table Stand

Bring your embroidery machine with accessories and power cord.

Bring your machine with your largest hoop, accessories and power cord if you wish to work on the project in class.

Handouts will be available and the store machine will be used as demonstration for those who prefer to leave their machine at home.
